

**GDP Growth**  
adjusted for inflation

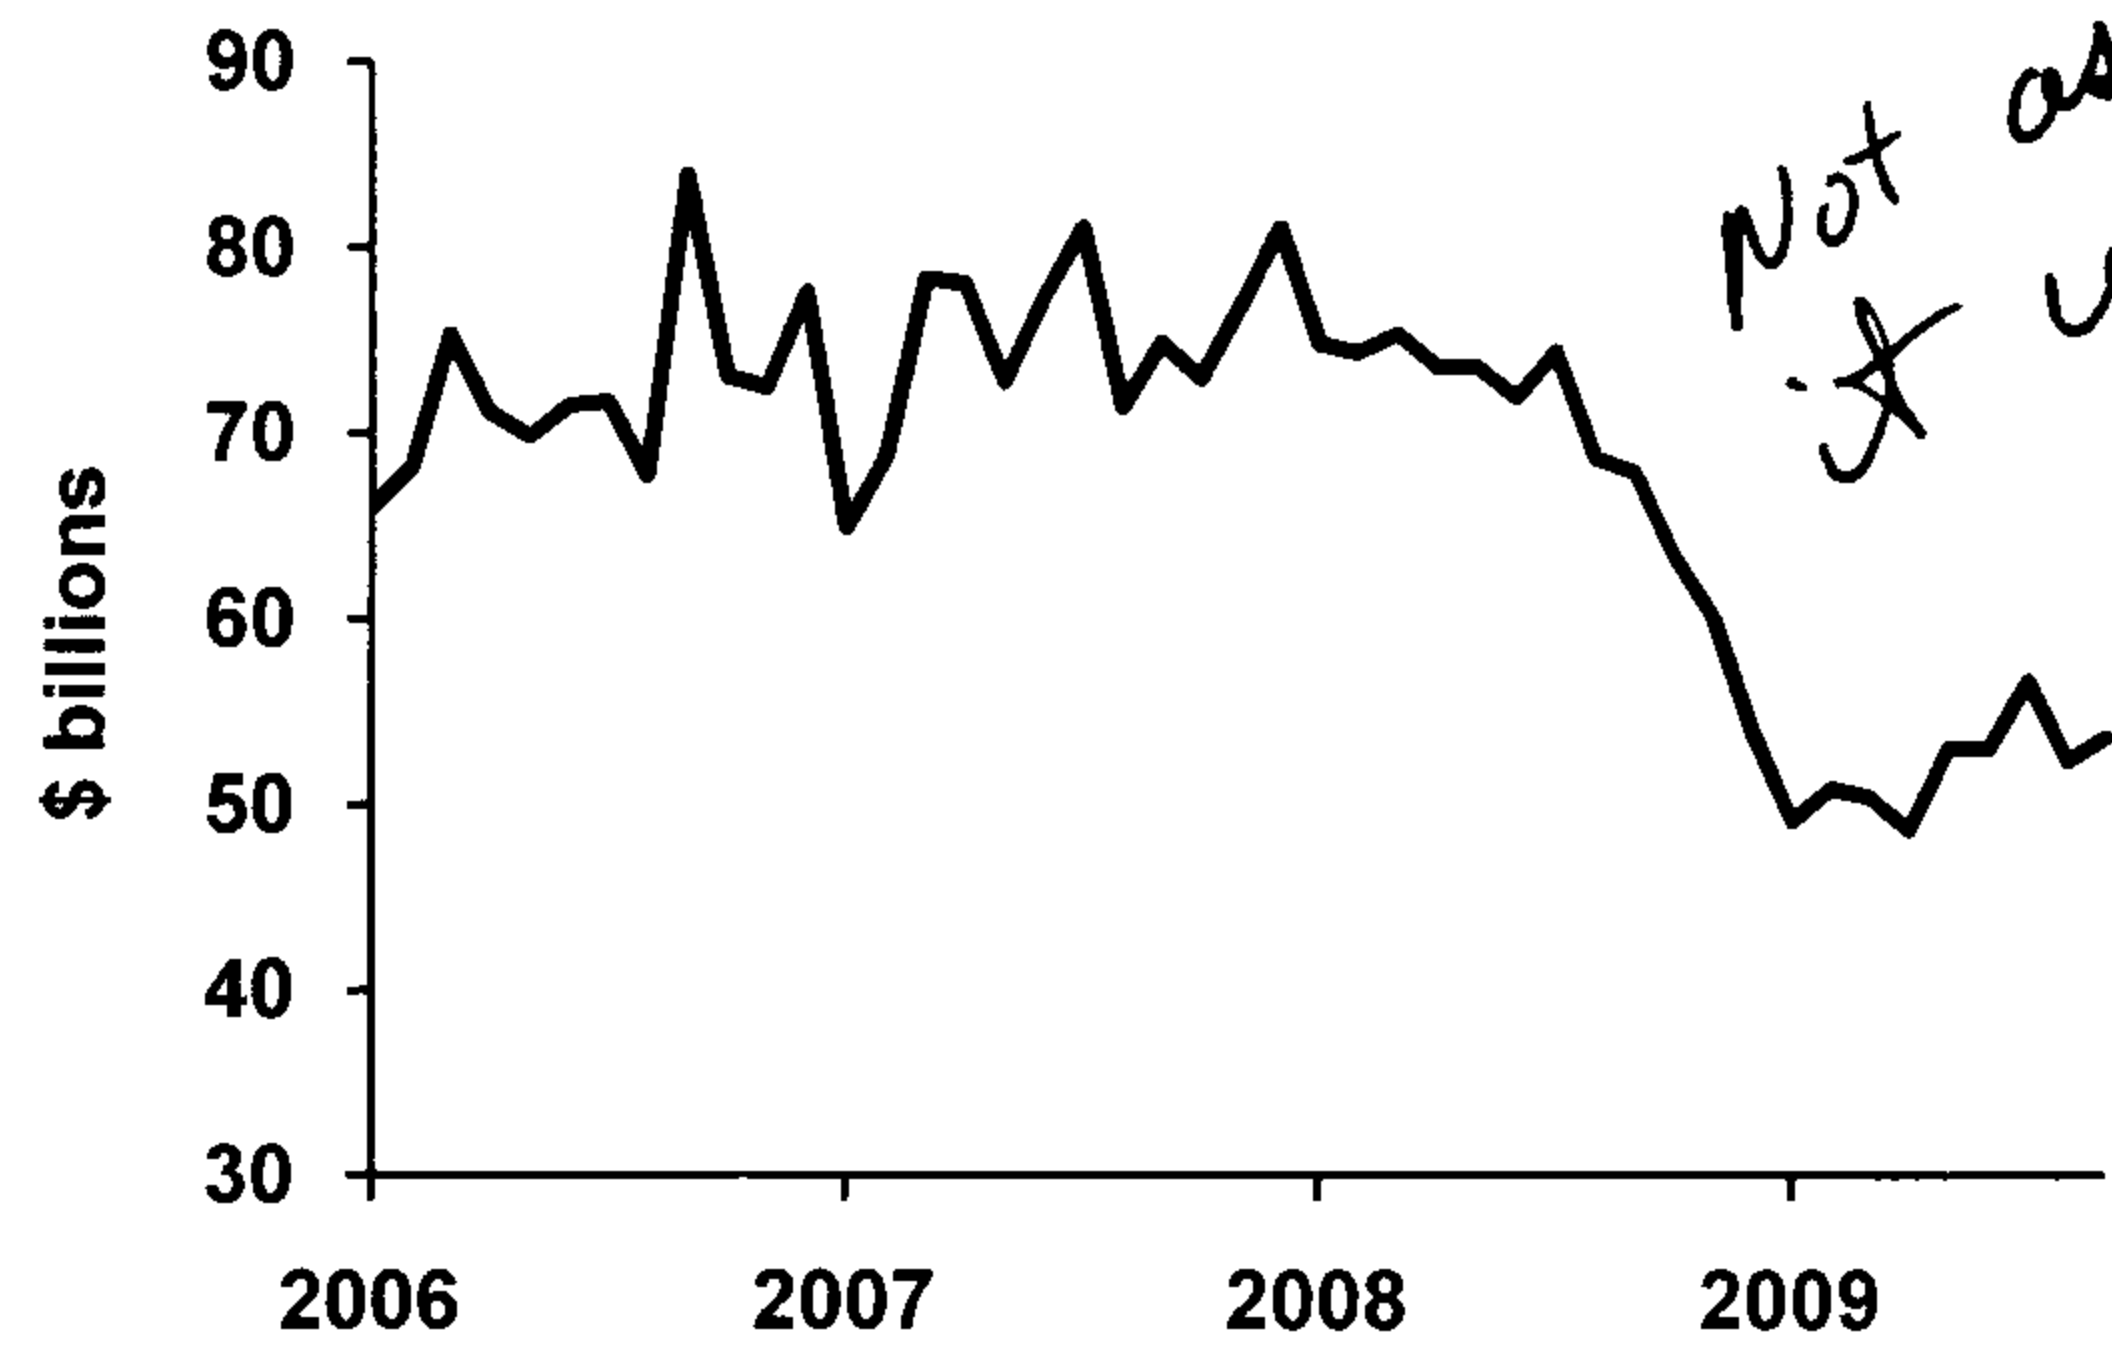

*Nice pop!  
The recession  
is over, but  
we'll be a year  
regaining all  
the lost ground.*

**Consumer Spending ex Autos**

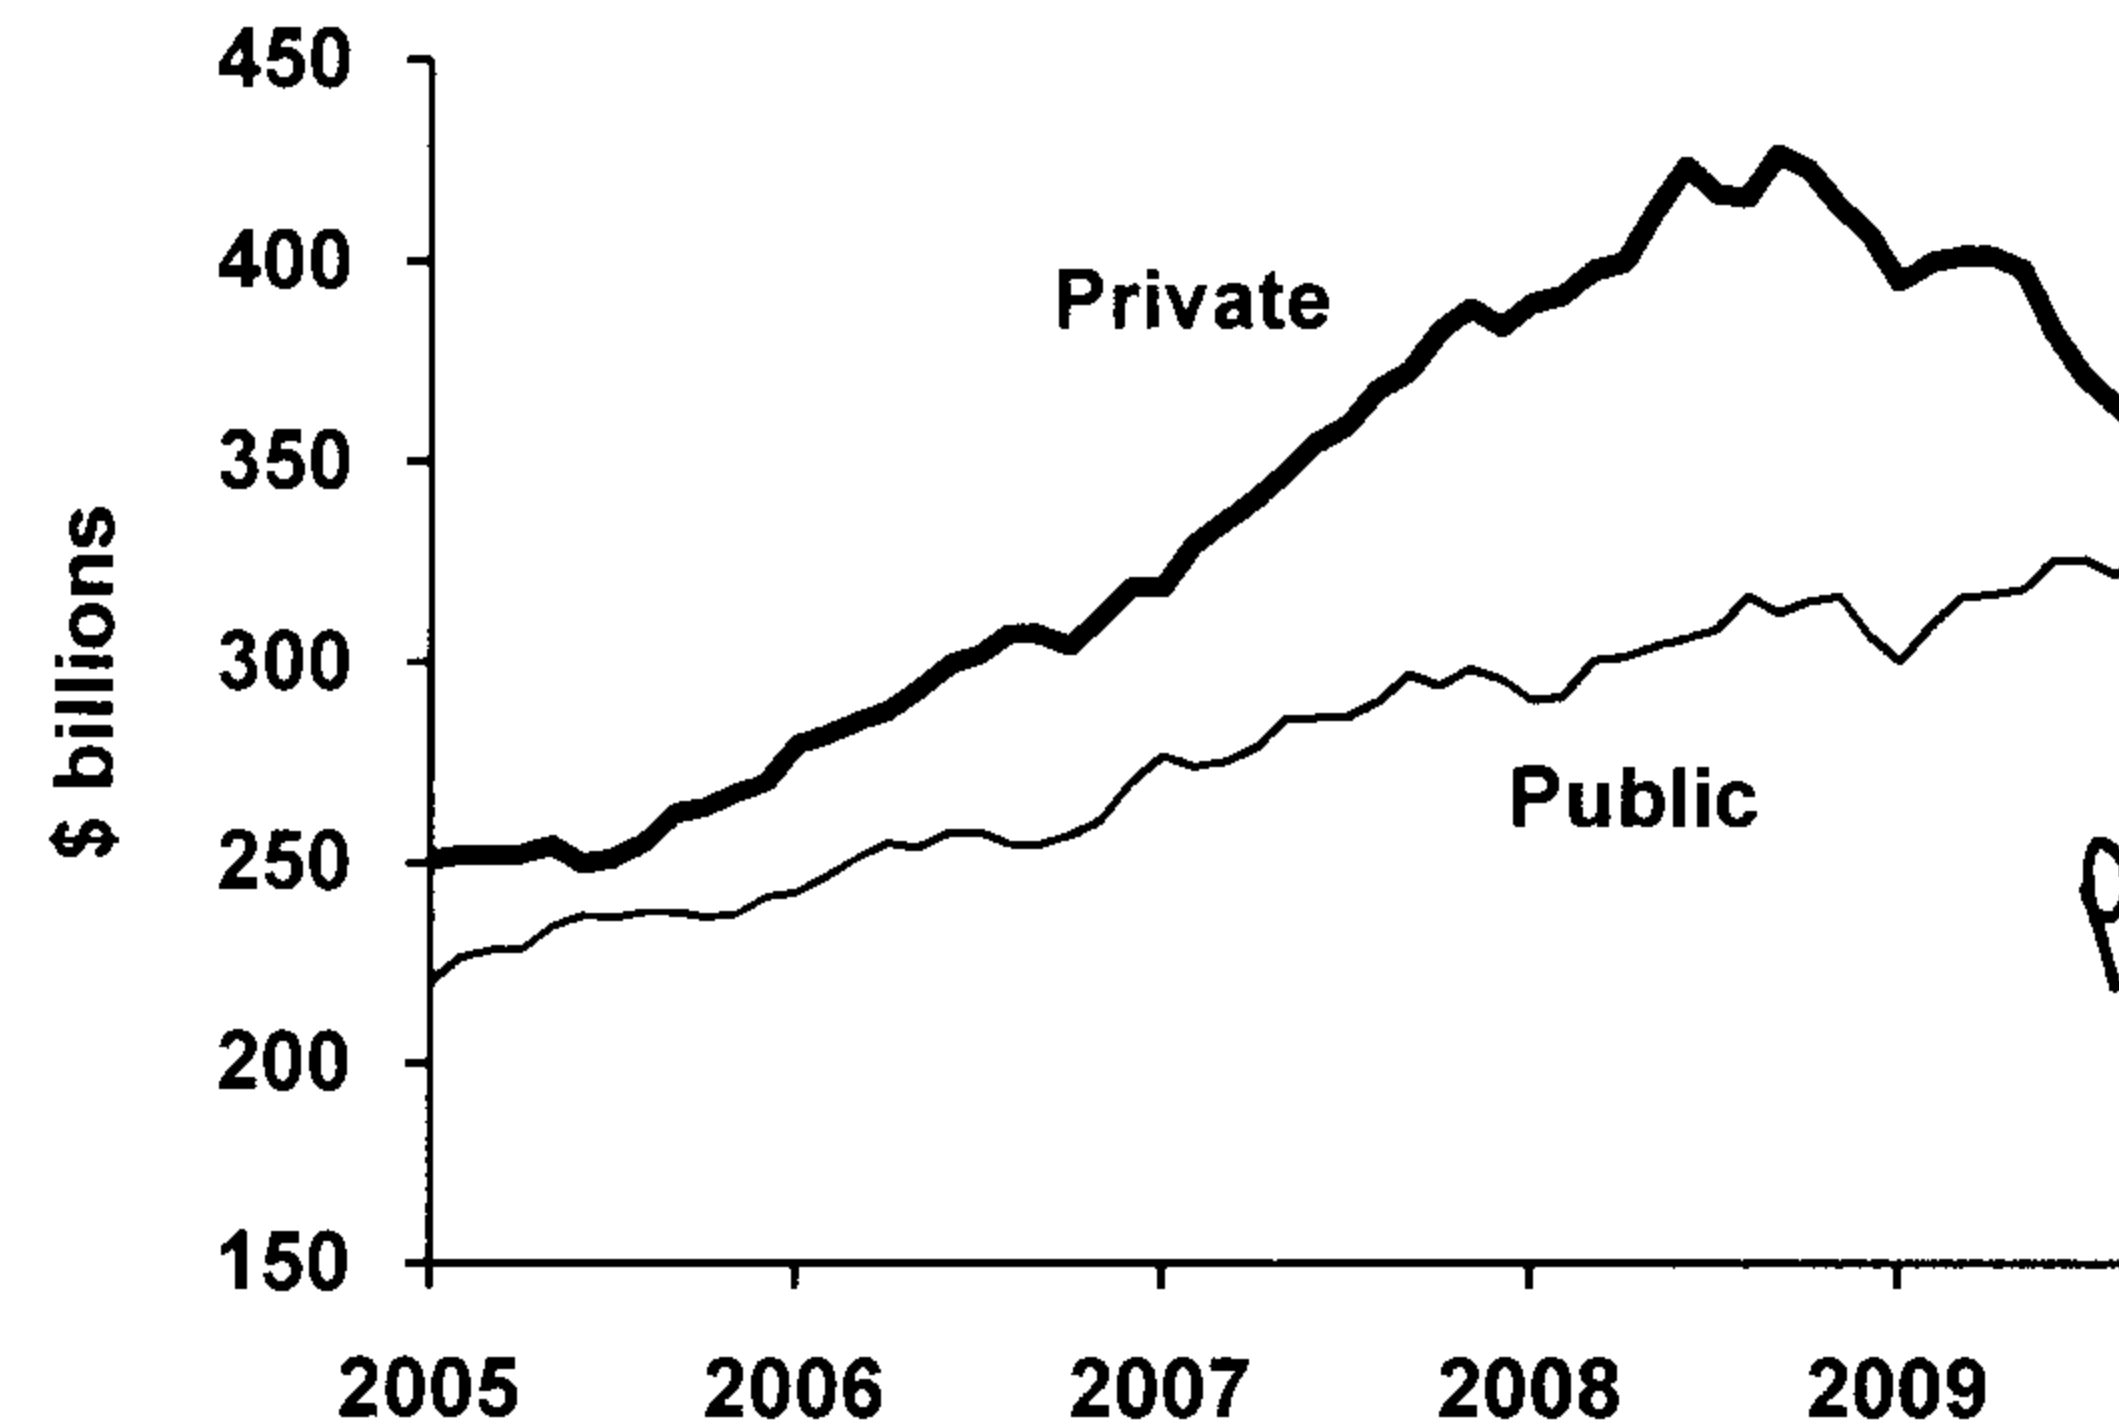

*Not just  
cash for  
clunkers*

**Business Equipment Orders**

*Not as bad as  
it used to be.*

**Non-Residential Construction**

*No big  
surge in  
public works  
yet.*
