Q2 was a transitional quarter. Next one will show growth.

Still losing jobs, but at a slower pace.

A clear turning point.

Consumers ready to stick their toe in the mall.
Inventories:
Business are about to re-stock their shelves.

Inflation:
Consumer Price Index
No inflation problem in next 12 months.

Interest Rates:
This run-up on expectations of stronger credit demand in private and public sectors both.

Stock Market:
In February we said, "stocks should turn up soon!"
