GDP Forecast

Q2 forecast lowered, later quarters about same as last forecast.

Auto Sales

Japanese shortages

ISM Manufacturing Index
formerly Purchasing Managers Index

A worrisome drop, maybe related to Japanese components.

Home Prices, 20 Major Cities

No turn around in sight.

Source: S&P/Case-Shiller
World Economic Growth
IMF forecast

Global forecast is about the same, but plenty to worry about overseas.

Foreign Exchange Value of $
trade-weighted index

Continued decline likely

Interest Rates

Look for another rise in bond rates.

Stock Market

Stocks likely to head off for a few months.
Oregon Employment

Now on the mend.

Washington Employment

Gradual improvement.

Portland Home Price

Still headed down.

Seattle Home Price

Maybe the beginning of better trend.
