GDP Growth
adjusted for inflation

% change

2007 2008 2009 2010 2011

Some gains last quarter.

Economic Forecast Survey
Wall Street Journal, January 2012

GDP Growth in 2012: 2.4% up from 1.7% in 2011

Risk of Recession: 19%

Does your business plan include both growth and the risk of recession?

Consumer Sentiment

I'm in a better mood, and so are you.

source: University of Michigan

Business Equipment Orders

Still not back to the old peak.

$ billions

2007 2008 2009 2010 2011
Non-residential Construction

Private construction has turned corner, but still a long way to go.

Unemployment Rate

Great headlines, but we're a very long way from feeling good.

Mortgage Rates

data through Jan. 2012

All time lows (if you have great credit).

Stock Market

If Europe muddles through, a lot of upside potential.
Oregon Bankruptcy Filings

We've clearly turned the corner.

Wash. Bankruptcy Filings

Beginning to turn around.

Wheat Price
All Types, Oregon

Global slowdown tugging wheat lower.

Boeing Orders & Deliveries
Commercial Aircraft

Orders may tail off, but no need to cut output.
