Economic Growth
Inflation-adjusted GDP

Better growth next year; I'm assuming QE3.

forecasts: Conerly Consulting LLC

Corn Price

our drought came after global weakness.

Consumer Credit Outstanding

Call of the student loans.

Manufacturing Production

Factories continue to show progress.

Proprietors' Income

$ billions

2007 2008 2009 2010 2011 2012

Small business recovering.

Euro Area Industrial Production

index

2009 2010 2011 2012

Europe is in a mild recession, but it could get much worse.

Mortgage Interest Rates

percent

2009 2010 2011 2012

If your credit is good, loans are almost free.
